PHILIPS

To Our Valued Customer,

Enclosed you will find a Detachable Battery Module. Please use your current battery using this battery module provided with your replacement device. If you do not have or use a battery, and therefore do not require the battery module, please disregard it.

For more information on the battery module, please refer to the instructions included with your Detachable Battery Module.

Our commitment to patient care is at the heart of everything we do. We sincerely apologise for this disruption and are dedicated to supporting you throughout your sleep journey. For further assistance please contact Philips on 1800 830 517 in Australia (toll-free) or 0800 796 515 in New Zealand.

We thank you for your cooperation.

Sincerely,
Philips Sleep and Respiratory Care
Australia and New Zealand
